

Test 7—Question 6: Algebra and Functions

- 6** Amanda's mother drove the family to the beach. The drive took 4 hours and the beach is 220 miles away. At what rate, in miles per hour, did the family drive to the beach?

$$\begin{aligned} \text{Rate} &= d \div t \\ &= \text{distance} \div \text{time} \end{aligned}$$

Show All Work

Answer _____ miles per hour
