

Test 7—Question 6: Algebra and Functions

- 6 Jasmine makes jumbo sandwiches for the Big Top Sandwich Shoppe. Each sandwich requires 2 pounds of meat.

On the line below, write an equation that can be used to determine the number of pounds of meat (y) Jasmine will need to make x sandwiches.

Equation _____

Now graph at least three ordered pairs on the grid below that fit the equation you wrote.

How many pounds of meat will Jasmine need for 5 sandwiches?

Answer _____ pounds
